

Solace Asia is proud to announce our expansion into the MENA region, through a landmark partnership with the Ministry of Health, Oman. This venture marks the beginning of a transformative initiative to deliver a world-class center of addiction treatment and rehabilitation services in Oman under the banner of

“Salwa Healthcare”

This partnership represents a significant milestone in our mission to provide comprehensive, high-quality, and evidence-based care. The launch of services in **Sohar, Oman**, underscores our collective commitment to improving access to addiction recovery solutions across the region.

As we embark on this important initiative, we are **actively seeking to recruit** a dedicated team of professionals who share our vision of promoting long-term recovery and community reintegration. Together, we aim to build a healthier, more resilient future for the next generation in Oman.
